# CUSTOMER SERVICE, SALES & MARKETING

## Deliver Outstanding Customer Service & Boost Marketing & Sales With Dynamics CRM & Dynamics 365

CRGroup helps companies in all industries engage customers, members, donors and stakeholders and empower sales and marketing. Our trusted methodology, supported by industry-leading Microsoft Solutions, helps clients facilitate the tracking of vital customer, sales, and marketing activities.

- Understand client needs to optimize service
- Enrich customer interactions & communications
- Reduce customer response times
- Empower sales & marketing teams with centralized data, automation & nurturing
- Track the entire customer journey - from prospect to client

CRGroup's team of CRM experts is here to help you choose the right solution and plan to suit your needs now and as you grow. We help companies leverage Dynamics technology to foster leads, make better decisions, and adapt more quickly to changing customer or member needs.

## WHY SHOULD YOU BE USING A CRM SYSTEM?

CRM solutions increase your profitability by streamlining administrative processes in your sales, marketing, and service divisions, and letting you focus on building and maintaining the customer relationships that matter.

A strong CRM solution is a multifaceted platform where everything crucial to developing, improving, and retaining your customer relationships is centralized in one place. Without the support of an integrated CRM solution, you may miss growth opportunities and lose revenue because you're not optimizing your operating processes or making the most of your customer relationships or sales leads.

### **MARKETING: Improve your customers' journey**

Generate multichannel market campaigns, nurture sales-ready leads, and align your sales and marketing teams with planning and tracking tools that integrate with your existing apps and services. **CRGroup is also a recognized partner of ClickDimensions®, the only complete marketing automation platform integrated directly into Dynamics CRM and Dynamics 365.**

### **SALES: Empower your sellers**

Go beyond sales force automation to better understand customer needs, engage more effectively, and win more deals. Sell smarter with embedded insights, foster relationships, boost productivity, accelerate sales performance, and innovate with a modern and adaptable platform.

### **CUSTOMER SERVICE: Deliver amazing service through any channel**

Deliver guided, intelligent service and support on any channel with a unique ability to work with your existing systems. Empower customers and agents with the tools they need to ensure quick and accurate resolution, every time.

# PRODUCTIVITY & COLLABORATION

## Enable Sharing & Collaboration Across Your Entire Organization

Businesses no longer operate out of a single room or building. Projects, tasks, documents, and data now have to be shared across many different workstations and accessible everywhere – instantly. Centralizing company and project information for effective sharing can pose technical and logistical issues, if not planned and executed correctly.

CRGroup can help your company empower teamwork and sharing. Our trusted methodology, supported by industry-leading solutions, helps clients facilitate the centralization and sharing of company and client information.

### The Next Generation of Chat, Collaboration, and Meetings

When you have a place to create and make decisions as a team, there's no limit to what you can achieve! Microsoft Teams brings everything together in a shared workspace where you can chat, meet, share files, and work with business apps. Host audio, video, and web conferences, and chat with anyone inside or outside your organization.

[crgroup.com/teams](http://crgroup.com/teams)

### Work Smarter & Faster with Atlassian

CRGroup is also proud to be a Platinum Atlassian Partner and provides tools to help teams work better, faster, and easier. With leading solutions like Jira™ and ServiceDesk™, Atlassian offers cost-effective and flexible applications for planning, teamwork, and boosting productivity.

[crgroup.com/atlassian](http://crgroup.com/atlassian)

### Boost Business Productivity with Microsoft Office 365

Whether you are just starting out, or are looking to move your existing business tools to the Cloud, CRGroup has the expertise needed to help your business implement Office 365 and enable productivity and collaboration from anywhere.

[crgroup.com/office-365](http://crgroup.com/office-365)

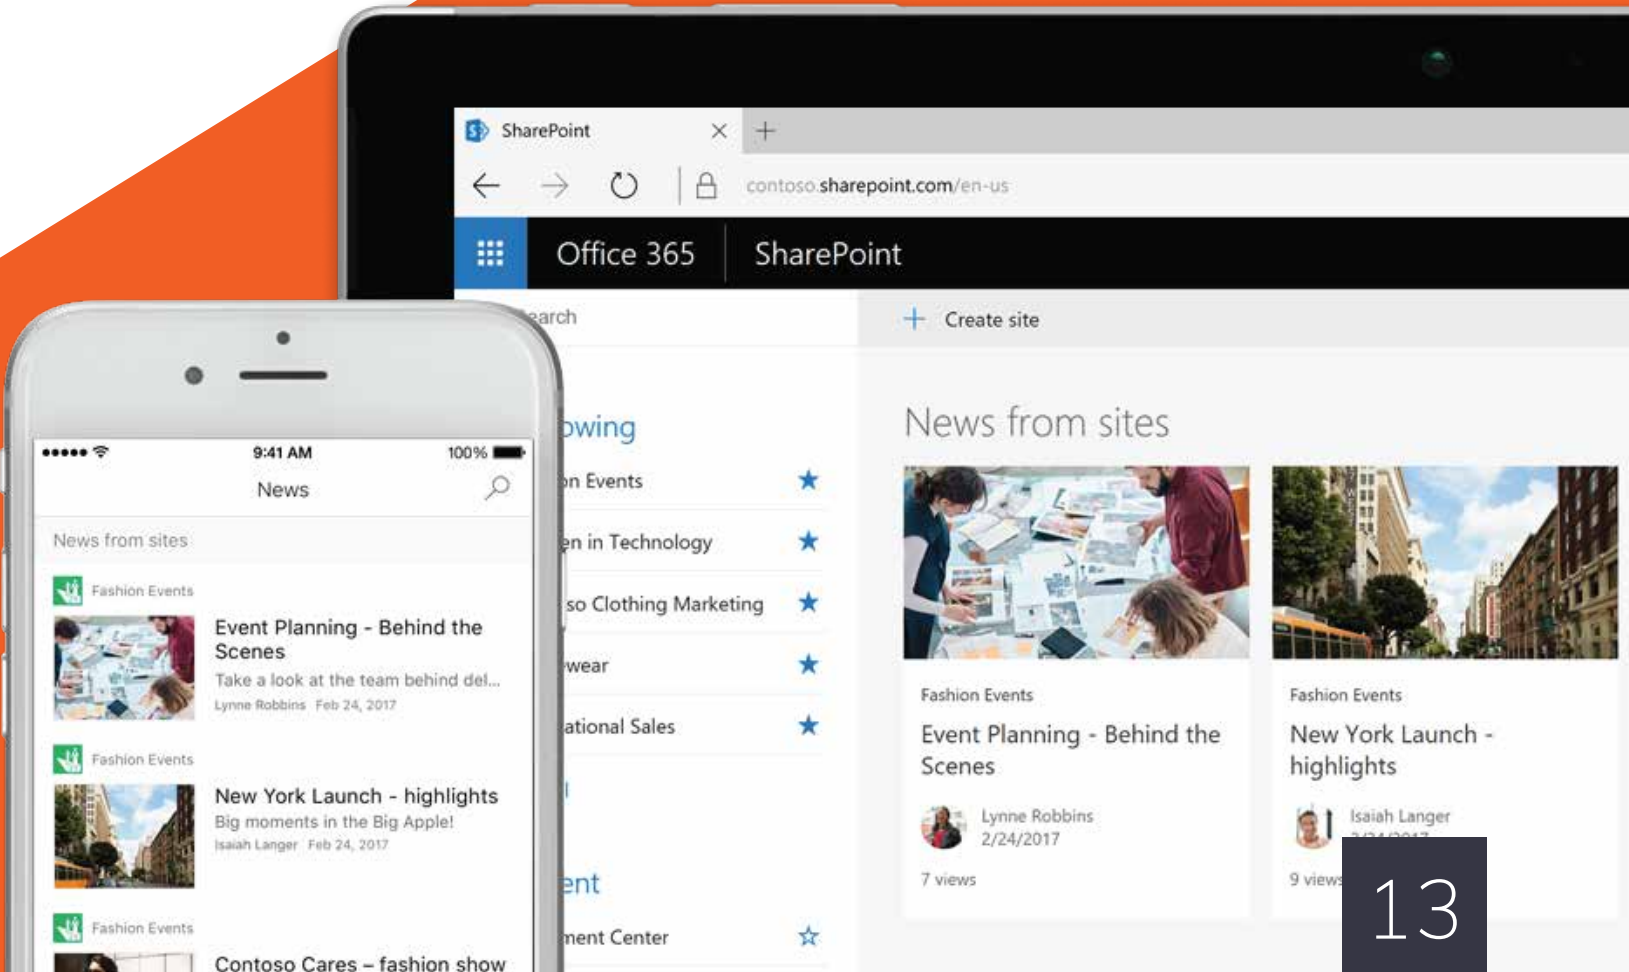

### Online Sharing & Collaboration at Its Best

Microsoft SharePoint makes it easy for people to collaborate and work with others, organize projects and teams, and discover people and information. CRGroup helps you to maximize your investment in Microsoft SharePoint by tailoring the solution to meet your needs.

- company intranets • partner & membership portals • project & client sites
- document & records management • electronic forms
- custom data entry solutions • custom collaboration & sharing solutions

# DATA TRANSFORMATION BUSINESS INTELLIGENCE & DASHBOARDS

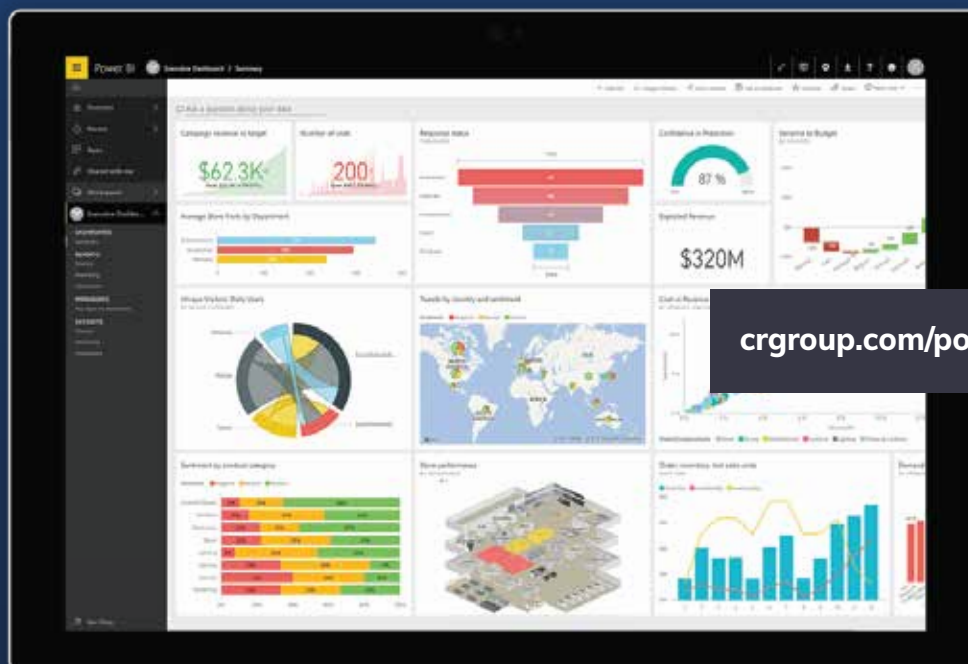

## Go From Data to Insights in Minutes with Power BI and Tableau

### Microsoft Power BI

For 12 years in a row, Microsoft has been recognized as a leader in the Gartner Magic Quadrant for Analytics and Business Intelligence Platforms. Power BI delivers an easy, affordable and mind-blowing data visualization platform to transform to help your company go from insight to action.

- Transform data into stunning visuals and share them with colleagues on any device
- Visually explore and analyze data — on-premises and in the cloud — all in one view
- Collaborate on and share customized dashboards and interactive reports
- Scale across your organization with built-in governance and security

Companies are collecting data from many different systems and across every department – but few have the capabilities to turn their data into actionable insights. CRGroup’s team of data visualization, dashboard, and business intelligence experts can help take your data to new heights.

**Less Excel, more decision-making! CRGroup has the experience and skills needed for a wide-range of data intelligence services:**

- Data warehousing and system integrations
- Dashboards and report design
- Reporting best-practices
- System training & configuration

# Tableau

Tableau is a global leader in rapid-fire business intelligence software. It lets you analyze any structured data to produce powerful data visualizations such as charts, graphs, dashboards and reports within minutes.

- Fast analytics with 10-100x the speed of other leading systems
- Smart dashboards combine multiple views for richer insights
- Live connectivity to your data sources means your reports update automatically
- Mitigate any risk through CRGroup’s ‘Tableau Fortification’ program

# HUMAN RESOURCES MANAGEMENT

## Attract, Align, Develop & Retain a World-Class Workforce

People determine the success of your business. Every customer interaction, company initiative, innovation and decision relies on the skillset and focus of your company's talent-base.

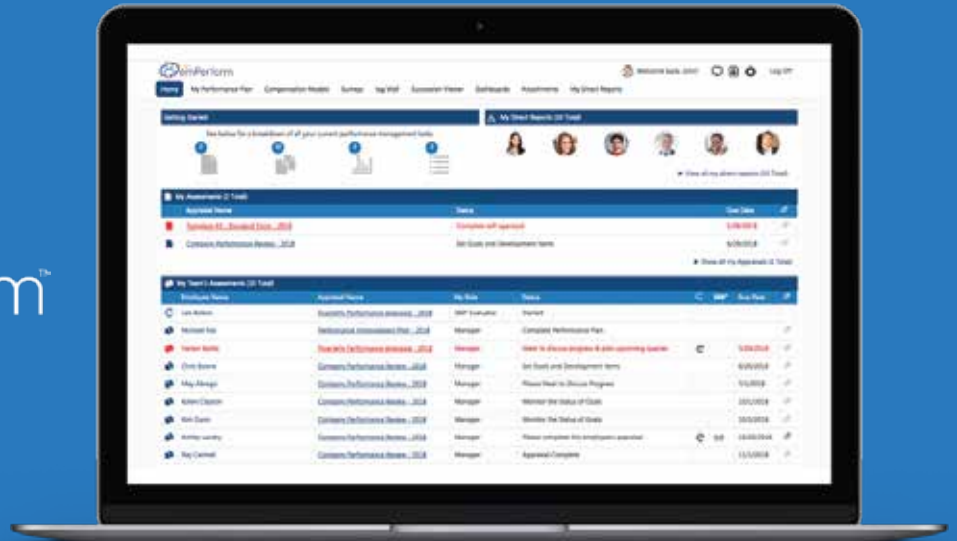

CRGroup can help you build and grow effective human capital and talent processes that will attract, align, develop and grow your organization's greatest asset – people.

# CRG emPerform™

Since 2004, CRGroup's award-winning employee performance management software, CRG emPerform, has been helping companies automate and streamline vital performance management tasks: performance reviews, feedback, 360° assessments, succession planning & compensation management.

# THE FULL MICROSOFT CLOUD

## CRGroup + Qusitive: The Full Microsoft Cloud, Delivered Today

### **BUILDING THE MICROSOFT PARTNER OF THE FUTURE**

In June 2019, Qusitive announced the strategic acquisition of CRGroup. This alliance means unparalleled technical and business services for our clients and the market.

**Meet Qusitive:** Founded in 2016 by Mike Reinhart, Qusitive is uniquely comprised of former Microsoft leaders and technologies who share a deep understanding of market needs and the appropriate application of Microsoft cloud technology. Named Microsoft US Partner of the Year in 2019, Qusitive helps customers navigate the ever-changing technology climate that their business relies upon. With a legacy of innovation and deep technical expertise, Qusitive is empowering the enterprise to harness the Microsoft Cloud and emerging technologies such as **blockchain, artificial intelligence, machine learning, and the Internet of Things (IoT).**

The logo for Qusitive, featuring a stylized blue 'Q' icon followed by the word 'QUISITIVE' in a bold, black, sans-serif font.

“Combining our strengths with Qusitive marks the age of a new type of service provider that offers end-to-end, strategic Microsoft Cloud migration, strategy and execution.” – DR. VIJAY JOG, PRESIDENT - CRGROUP

## Breaking Down Barriers to Business Innovation

Quisitive has established a strong track record of creating impactful cloud solutions that drive transformation for clients. The combining of Quisitive and CRGroup means that our clients now have access to a new set of cloud services that can be implemented individually, or layered to create a unique solution that fits an organization's specific needs.
